CIRCULAR TO PARENTS

Dear Parents,

Due to the prevailing Pandemic situation, the School Managing Committee has decided to roll back the School Fees fixed for the Academic Session 2021-2022 to the last Year's School Fees with 20% Concession on Tuition Fee and all other Fees till the School functions on physical mode. Since the School is extending E-services to the students, an additional amount of Rs. 50/- per month is being charged.

As advised in our earlier notification, parents are once again requested to clear the School Fee dues for the months of April, May and June 2021. The apportioned Fee waiver / Concession amount for the months of April, May and June will be adjusted in the ensuing months fees amount.

After giving effect to the above mentioned Fee Concessions, the Revised Fee Structure has been uploaded in the Aestree web portal and the School Website www.agcsukhra.org for your ready reference.

We hope that this will help to ease the financial burden of the Parents.

Seeking your kind cooperation for the continued progress of our students, as we remain committed to the cause of imparting quality education, in our Institution.

With every good wish for the well being of our School Community.

Yours sincerely,

Mrs. A. Aidinyantz

Secretary

Schools Managing Committee
